

LaunchCode: High School Computer Programming Curriculum Developer

LaunchCode

LaunchCode is a non-profit solving the tech talent gap and paving new pathways to economic opportunity through apprenticeships and job placement in technology. Since 2013, we've launched over 2,300 careers across the nation and have provided free, skills-based training to over 8,000 driven individuals. Check out our most recent impact report [here](#).

C# Curriculum Developer

LaunchCode is looking for an independent individual to work with it's Education Team staff to write and test curriculum components for its high school program, LCHS. Materials include textbook chapters, exercises, assignments, and instructor materials.

This is an hourly position with 20 - 30 hours per week.

Responsibilities

- Work with education team staff to write, edit, and test curriculum materials.

Qualifications

- Proficiency in at least one programming language
- Proficiency with back-end web development
- Ability to work independently and efficiently
- (Desired) Experience with Python
- (Desired) Experience teaching or tutoring
- (Desired) Experience writing and copy editing

What it's like to work at LaunchCode

Are you a person who's always listening for connections? Got an earnest drive to open doors to opportunity for others and make an impact on their lives? If so, then you've come to the right place.

You're part of changing the tech landscape and changing lives - Traditionally, tech education hasn't been widely accessible to many demographics and populations. Of LaunchCode students enrolled in courses in 2020, 50% identify as people of color and 56% identify as women. 69% come from low-to-moderate income households. After being placed in a permanent position, the average LaunchCoder more than doubles their previous salary.

You'll be part of a company that values diversity, equity, and inclusion among our staff, students, and board - In 2019, the St Louis Women's Foundation named LaunchCode as an honoree in its [employment scorecard initiative](#) for demonstrating a strong commitment to women in the workplace. [Forbes](#) also named us one of 2020's best startup employers in the U.S. But beyond the external recognition, we believe deeply in Black Lives Matter, celebrating [Pride](#) all year round, and uplifting [women in tech](#).

You'll be immersed in a culture based on shared values - We love to laugh, compete for the best GIF game on Slack, and show off our pets. We also share these values: collaboration, trust, appreciation, and being kind.

Position Type

Part-time, contractor, 20-30 hours a week, \$20-\$25 per hour

This is a contracted, part-time, paid position. We are looking to bring a candidate immediately and the project will last about 6 months.

To Apply

Apply online by filling out the form above. No phone calls, please. References should be available upon request. Applications will be accepted on a rolling basis until the position is filled. We highly recommend applying as early as possible for the best chance of moving forward. The employment eligibility of all new hires will be verified using E-Verify.

If we can make any accommodations for you at any point during the hiring process (applying online, interviewing, on-boarding), please contact hr@launchcode.org. We are happy to provide any information or resources that will make this process accessible.

We Heart Diversity

Thanks for reading this far! LaunchCode supports and fosters leadership from underrepresented communities. We strongly encourage folks from immigrant communities and communities of color, as well as those who identify as women, LGBTQ or under-resourced to apply. LaunchCode is an Equal Employment Opportunity Employer. Program and employment policies of LaunchCode are nondiscriminatory in regard to race, color, gender, religion, age, national origin, disability, veteran status or sexual orientation.
